

Beyond Belief

The inspiring and award-winning documentary film with special guest speaker, Susan Retik

Susan Retik and **Patti Quigley** were both pregnant when their husbands were killed on 9/11. Choosing to transcend the prevalent response of anger and violent retaliation they founded the organization **Beyond the 11th** to reach out to Afghan widows with whom they felt a kinship and had been afflicted by war, terrorism and oppression. In 2006, Susan and Patti traveled to Afghanistan to meet their Afghan counterparts and see firsthand the work of the organization they founded. ***Beyond Belief*** documents this journey.
